Omorodion Louis Aisagbonhi
Frontend Developer

Self-taught frontend developer with a passion for creating engaging and user-friendly web experiences. Proficient in HTML, CSS, JavaScript, React, Git, and also with experience building responsive websites with various frontend frameworks and libraries, including Tailwind CSS, Next.js, Vite, and Bootstrap. Passionate about creating responsive, accessible, and user-friendly web applications, with a focus on modern design and clean code. Familiar with various web development tools and practices, I'm an enthusiastic and detail-oriented Frontend Software Engineer seeking an entry-level position with company to use my skills in coding, troubleshooting complex problems, and assisting in the timely completion of projects.
